MRS. TOM-RI.JON IN COURT, with her Avenger, Retaliator, and Vesuvius, and her Husband.

Tom-ri-jon Elliot, well known as the woman who parades Broadway in masculine garments, was in the Jefferson Market Police Coart yesterday. She was dressed in a suit of dark clothes, with a Prince Albert cont. She carried Avenger, aged 4 years, in he arms: Retaliator, aged 6 years, clung to her coat tails and her husband held Vesuvius, aged 2 years. All the children were pretty and neatly dressed. Mrs. Elliot said that three months ago she was engaged as house-keeper at 29 Thompson street by a Mrs. Mary Mason. The agreement was that in return for her services she was to have rent free until May next. Her husband did odd jobs for Mrs. Mason, and sarned, he says, \$65, which has not been paid. On Thorsday Mrs. Mason said they must leave. They did not go, and on Monday four men and Mrs. Mason's storber, George Dudley, sive Dr. Newton, put their turniture into the street. Mrs. Tom-rijon was away from home. Mr. Tom rijon carried the furniture back into the house and barricaded the door. The barricade was broken down and the turniture was again carried out. Mrs. Tom-rijon had no money and no blace to go to. Than night she siept in the Frince street police station with the three children. There was no room for her husband, and he went up to the Mercer street station. Yesterday he tried to get money enough to hire a room and move in their furniture, but was not successful. We are authorized to receive subscriptions for a limited mount (not exceeding \$3,000,000s of the capital stock of THE IRON STEAMBOAT COMPANY, n shares of one hundred dollars each.

This company is building, and will have in readiness for the coming summer season, a large fleet of iron steam boats, especially adapted for the requirements of passes gers; of great speed, constructed in the most substantial manner, non-combustable, and with numerous water-tight compartments, which will render them incapable of sinking. Contrasted with the ordinary we den ateam. boats, they cannot fail to command, at highly remuners The company has entered into contracts extending over

a term of years, under which it has acquired the exclu-sive right to convey passengers from New York and its vicinity to the Iron Pier at Concy Island, and a similar exclusive right to convey passengers to Coney Island in connection with one of the leading railroads to that place. In view of the vast number of people who visit this famous summer resort, it is evident that a line of steamboats possessing these exclusive privileges, con structed in such manner as to command the highest de-gree of public confidence, and furnished in response to an urgent public demand, must at once prove very profitable. The contracts already entered into will insure to this company from the outset a business limited only by its capacity, and arrangements are in course of completion with the Erie and Pennsylvania Railroad Companies, under which it will acquire, in addition, a large and proitable excursion business. The company will extend its operations as rapidly as exclusive and profitable connections can be consummated.

tons can be consummated.

During the winter months it is the intention of the company to utilize its boats in Southern waters, so far as hey can be profitably employed. The company is organized under the laws of New Jer sey, and subscribers to the stock will incur no liability beyond the obligation to pay the amount of their sub-

criptions. We recommend this investment as one promising large returns and well worthy the attention and confidence o

the most careful investors.

Each subscriber will receive for every \$1,000 of stock allotted and paid for First Mortgage Bonds of the Compaby (bearing interest at 6 per cent.) to the amount of \$250

The terms of the subscription are as follows:
